

**2012 Combined Meeting of
The Canadian Society for Surgery of the Hand
&
The Canadian Society of Hand Therapists**

**May 4-5, 2012
Toronto Delta Chelsea Hotel
Toronto, Ontario, Canada**

President's Message

Dear Colleagues,

We would like to invite you to join us in Toronto for the 5th Annual Meeting of the Canadian Society of Hand Therapists. Our meetings have grown tremendously in the past four years – with contributions from nationally and internationally recognized speakers and combining forces with MANUS (Canadian Society for Surgery of the Hand) for joint meetings. The bridges we are strengthening with MANUS benefit both professions by acknowledging hand therapy as a specialized area of practice as well as enhanced patient outcomes. We are recognized by the American Society of Hand Therapists as well as the International Federation for Societies of Hand Therapists.

Your conference committee has worked hard to provide an exciting and impressive program. This will be an outstanding opportunity to share information and for new knowledge acquisition. You will be certain to go home with many new ideas to implement in your practice! Attending our Annual Meeting renews my enthusiasm in our profession, affirms my knowledge, enhances my critical thinking skills and expands my network of colleagues. I am confident it will do the same for you.

Toronto is a fabulous city to visit, so take some time to experience it - fine dining, exquisite shows, and even consider running the Toronto Marathon on May 6th!

See you in Toronto!
