

Are you a Physiotherapist looking for more time with your patients? Would you like to work in a specialty environment? Do you enjoy learning new techniques and enhancing your clinical skills?

If so, EastCity Physiotherapy in Winnipeg is looking for you! We are excited to announce an upcoming Physiotherapist position to commence late August 2019. The position offered is permanent and full-time. Hours and shifts are negotiable. Financial compensation is very competitive.

At ECPT our therapists appreciate our booking structure: one-hour new assessments and only two patients per hour for follow-up visits. Our therapists enjoy a consistent dedicated hand to shoulder caseload. Mentorship and continuing education are provided by the clinic owners who are both very experienced Certified Hand Therapist (CHT) Physiotherapists.

Our ideal candidate is a Certified Hand Therapist or a Physiotherapist wishing to pursue certification. Acupuncture/dry needling training is an asset.

For more information about becoming a CHT, please visit <https://www.htcc.org/certify>.
