

## Hand Therapy Canada is hiring!

We are very excited to provide an opportunity for an experienced Physical Therapist or Occupational Therapist with upper extremity rehabilitation experience to serve as our **Clinic Director** for our clinic location in Sarnia, Ontario. This position is currently part time, 2-3 days per week, and allows for completely flexible hours.

### The successful candidate will:

- Hold a current certificate of registration in good standing with the College of Physiotherapists of Ontario or College of Occupational Therapists of Ontario.
- Have demonstrated experience with managing upper extremity injuries and fabricating custom orthoses and splints.
- Show evidence of continuing professional development.
- Certified Hand Therapist preferred

### Services Required:

- Perform assessment of referred patients with upper extremity injury
- Communicate findings of initial assessments and therapy progression with referral sources and other members of the health care team
- Carry out and modify appropriate treatment, including therapeutic exercise, patient education, and physical/electrical modalities
- Maintain appropriate electronic patient records and statistics
- Assist with marketing Hand Therapy Canada services locally

Appropriate training and continuing education will be provided. This position will be available in May 2023, but can begin sooner depending on individual circumstances. We are also always looking for Hand Therapists to work in our busy location in London, Ontario. For more information, please contact us via the email below.
