

## **Physiotherapist or Occupational Therapists Interested in Hand Therapy in Greater Victoria, BC**

A busy private hand therapy practice with 3 locations in Greater Victoria, BC is looking for a hand therapist, or an occupational or physical therapist interested in hand therapy. Our case load is varied including post surgical clients, conservatively treated clients, and overuse syndromes of the upper extremity. We have an experienced team of physiotherapists, occupational therapists and a kinesiologist who create a comfortable work atmosphere conducive for excellent practice and on-going learning. To encourage this, an educational fund is available. Training and mentoring is available for several years as required.

See the clinic website for more details: <https://islandhandtherapy.com>.

The job is part or full time. The location would be 1 or 2 of our clinic sites: Victoria, Sidney, and Langford.

Experience is an asset, but therapists new to hand therapy are welcome to apply.

Occupational Therapists need to be either a certified hand therapist or willing and able to qualify within 2 years due to billing issues in BC. OTs who are not CHTs must have a minimum of 18 months experience and 1200 hours in upper extremity practice.

Please submit your cover letter and resume, as well as any questions, to Clare at [cfaulkner@shaw.ca](mailto:cfaulkner@shaw.ca).
