Hand Physiotherapy Position Part Time/Full Time in the Beautiful Sunny Okanagan

Come work alongside our Certified Hand Physiotherapist in one of the most beautiful, active cities in Canada at one of the most diversified multidisciplinary clinics in the Central Okanagan. Sun City Physiotherapy in Kelowna, BC has a rare opening for a part time to full time fast growing Certified Hand Physiotherapy position in our Downtown location. Come live, work, and play all in Kelowna's Downtown neighbourhood, with walking distance to the lake, trails, and many great restaurants and micro-breweries.

The Okanagan is a sports enthusiast's dream, with warm summer temperatures perfect for water activities on Okanagan Lake, mountain biking, road cycling, rock climbing, and golf. And despite our mild winters here in the valley, we all enjoy great snowboarding, alpine, and cross-country skiing at our local ski resorts.

Sun City Physiotherapy is a locally owned well established sports and orthopaedic clinic with a strong emphasis on a hands-on approach to assessment and treatment. We currently have 4 locations in British Columbia's Central Okanagan. Our clinics are in Downtown Kelowna, North Glenmore, Winfield, and the Lower Mission.

Alongside our Certified Hand Physiotherapist, our existing well diversified and experienced team of Physiotherapists love living here, and we are all like-minded, active people who practice a variety of skills including but not limited to manual therapy, sports therapy, acupuncture, concussion, TMJ, vestibular and IMS. We currently have 4 physiotherapists that have their Fellow of the Canadian Academy of Manual and Manipulative Physiotherapy (FCAMPT), as well as 10 physiotherapists with IMS, spread out through all locations enabling optimum mentorship and high-level collaboration. In addition, we provide excellent education/mentorship opportunities with experienced physiotherapy educators/mentors. Every location also has at least one senior physiotherapist with more than 20 years of experience to help coach and mentor your practice on a day-to-day basis. We also have 4 RMT's, Registered Dietician, Clinical Counsellor, and 2 Kinesiologists all with excellent experience and community connection to assist in treatment options and professional collaboration.

Sun City Physiotherapy separates itself from the rest in its long-standing reputation and stability. We have a deeply rooted connection with our community and pride ourselves in our strong professional relationship with the local physicians and allied health care providers. We strongly value a client centred approach, team playing fun environment, and physiotherapists that are inspired to grow.

Our Hand Program is ready to grow, if you are looking for a stable foundation to learn and grow your practice, while still being able to enjoy a flexible schedule with life/work balance, Sun City is the clinic for you.

Contact Kevin Bos at kbos@suncityphysiotherapy.com to check out the opportunity to live, work and play Sun City Kelowna."
