

Certified Hand Therapist/Physiotherapist - Markham, ON

This role will be approximately 25 hrs per week with potential for more hours.

The Lifemark Markham Physiotherapy clinic specializes in the physiotherapy rehabilitation of post-surgical patients, sports injuries, motor vehicle accidents, and other acute and chronic injuries. Utilizing our team of Physiotherapists, Kinesiologists, Acupuncturists, and Registered Massage Therapists, we will design a comprehensive program to return clients to independence and help them to continue living a full and active lifestyle. Our Markham location is an OHIP covered facility as designated by the Ministry of Health. Patients that meet the criteria for acceptance can be treated at this clinic, which is located adjacent to the Markham Stouffville Hospital.

This role will include Plastics Clinic coverage at Markham Stouffville Hospital as well as providing follow-up treatment, and implementing post-operative rehabilitation program, for clients in the Lifemark Markham clinic.

Key accountabilities include:

- Performing clinical assessments and implementing treatment plans for clients
- Providing ongoing evaluation of client progress
- Administering and collecting outcome measurement information
- Participating in quality improvement initiatives
- Communicating to appropriate referral sources and stakeholders
- Engaging in continuous learning and skills development
- Having fun, and contributing to a positive patient experience

You will need to be:

- A graduate of a recognized university Physiotherapy degree program
- Registered with the Provincial College of Physiotherapists
- A Certified Hand Therapist with 2+ years of practical experience
- Preferably experienced within a private clinic setting
